March 2016 Edition

Dear Wisconsin Children's Safety Advocates:

In February 2016, the U.S. Consumer Product Safety Commission issued a total of **9 recalls relating to products affecting children**. Attached is a summary of the releases identifying the product, the problem, and what should be done with the recalled product.

We have found that not all of the recalls are picked up by the news media as they occur. This monthly summary will give you the opportunity to review all of the children's product safety recalls for the past month.

If you are interested in a complete text of the recall, double click on the hyperlink at the end of the recall description. This will direct you to the recall notice located on the CPSC website.

KEEP YOUR KIDS SAFE

Release Number: (#16-720) Dollar General Corp., of Goodlettsville, T.N., is announcing the voluntary recall of about 27,000 toy excavators. The remote controlled plastic toys are orange with black and orange wheels. Both have tracking code 90RWE15 marked on the back of the battery compartment. UPC number 00430000549030 can be found on the bottom of the packaging. Power, Shovel Loader and Super Power are printed on stickers located on the side of the excavator. UPC 00400001622537 can be found on the bottom of the packaging. 6000Kg Peakload, FL-330 Deluxe Crane, and Crane Super Truck are printed on stickers located on the side of the shovel loader.

Problem: The toy truck's remote control can short circuit, causing it to overheat and posing fire and burn hazards.

What to do: Consumers should immediately take the recalled toy vehicles away from children and contact Dollar General for a full refund. You can contact Dollar General at 800-678-9258 from 8 a.m. to 5 p.m. CT Monday through Friday, email at custsv@dollargeneral.com or online at www.dollargeneral.com and click on [Product Recalls](#) at the bottom of the page under the Help section for more information. Release Number: (#16-094) KHS America of Mt. Juliet, T.N., is announcing the voluntary recall of about 150 Green Tones 8-note Monkey Glockenspiel is a children's musical instrument with eight metal bars in multiple colors mounted on a wooden base shaped like a monkey. The bars are individually attached to the base with one screw at each end. The second bar from the top is pink, 3.5 inches long and has a "B" stamped on it. This is the bar that needs to be replaced. The Green Tones logo is stamped on the back of the glockenspiel and the tracking number HS0178410914 is printed in black at the bottom.

Problem: The pink metal note bar on the glockenspiel may contain excessive levels of lead in the paint, violating the federal lead paint standard. If the paint is scraped off and ingested lead can cause adverse health effects.

What to do: Consumers should immediately remove the pink bar from the glockenspiel and contact KHS America for information on getting a free replacement pink bar. You can contact KHS America Green Tones at 800-283-4676 from 8:30 a.m. to 4:30 p.m. CT Monday through Friday or online at www.gogreentones.com and click on "Contact Us" for more information.
